BANDIT CHIEFS RULING MEXICO FUGITIVES SAY

American Official Tells How He and Wife Were Kidnap Victims.

"NEWSPAPERS DID IT"

Native Press Propagated Stories on Bielaski, He Contends.

(By the Associated Press)

HOUSTON, Tex., Aug. 21.—

"Peace is raging in Mexico."

Thus does Mrs. A. Bruce Bielaski, wife of A. Bruce Bielaski, former chief of the bureau of investigation of the United States department of justice, size up the situation in Mexico, or rather that state of Mexico which they found by personal investigation to be infected with bandit kidnappers.

Mr. and Mrs. Bielaski arrived in Houston from Mexico Sunday and departed for Washington by way of New Orleans.

Mrs. Bielaski, erect and energetic little brunette, slightly tanned by her trip, showed impatience for her four children, three of whom are at Great Neck, Long Island, and the other at Camp Mascocoma, New Hampshire.

"And you were arrested for getting kidnapped in Mexico, were you?" Mr. Bielaski was asked.

"The newspapers had me arrested," he said, "but as a matter of fact I was only under surveillance. All sorts of charges were preferred against me but none of them held. I was charged with operating a gambling house in Lower California. I was charged with stirring up trouble in the oil district and for spreading propaganda of bolshevism."

His Greatest Thrill.

Asked if his kidnapping experience was the greatest thrill of his life not excepting his work for the United States department of justice, Bielaski said "undoubtedly."

"Several times," he said, "I thought I would be shot by the bandits who held me prisoner. But I was sure the end had come when I slid out of a cave at midnight and thought I saw a bandit aiming his rifle at me and ready to pull the trigger. It turned out to be a piece of cactus." Bielaski said he made his way over rough country with no trails to follow until he reached a small town in the state of Morelos, thirty or forty miles south of Mexico City.

"I tried to keep the matter quiet but the news seemed to spread everywhere. That handicapped me from getting out of the country sooner."

"The men holding me for ransom," he continued, "were literally scared to death as were the soldiers chasing them. One of the party of bandits had been sent out to get the money which was to be sent to obtain my release, but a lot of soldiers were seen and they took me further back into the mountains. Part of the time we spent in the open and part of the time in a cave."

Woman Outwits Captors.

At the time Bielaski was captured he and Mrs. Bielaski were on a trip to a cave which tourists were advised to see. Bielaski was taken after Mrs. Bielaski was told he would be killed if the ransom money was not paid by a certain date.

Mrs. Bielaski and the rest of the party were taken off on the side of the road and robbed of all their money. Mrs. Bielaski outwitted the bandits by concealing her diamond rings in her mouth.

The Bielaskis were merely on a sightseeing tour at the time they were kidnapped.

Strong Auto Lights Blamed for Serious McAlester Accident

(By the Associated Press)

McALESTER, Aug. 21.—Blinding headlights of another approaching car are blamed for a near fatal accident Sunday evening when Koe Williams, building contractor, drove his automobile into a car owned by Mayor W. E. Beaty. The mayor's car was parked and had no occupants. Williams was thrown through the broken windshield of his car and suffered the severance of an artery and a long deep gash in his face. Loss of blood before emergency treatment and hospital care has left him in a critical position.

Missouri Vets Meet

HANNIBAL, MO., Aug. 21.—The fourth annual convention of the Missouri department of the American Legion went into session here this morning.

Try a News Want Ad for results.

GRAVELING AND PAVEMENT PUT ADA STREETS UNDER HARD COAT

With eighty-nine blocks of the city's streets under a heavy coating of gravel, more than three miles under concrete or in the process of being paved, and most of the side streets graded and in good condition, Ada's street system is better today than it has been in a number of years, according to a report given out Monday by the city street department.

It was more than a year ago that the first experiment was made in graveling streets. Residents in the 100 block on East Seventeenth street started the work and it proved so successful that it was immediately taken up in all parts of the city.

Plenty of gravel is to be found near the city limits out northwest, and gravel contractors and haulers report that many tons of the material is being loaded weekly and placed on the city's streets. Last winter proved the new street improvement work was dependable, according to Commissioner W. S. Smith.

East Ada Leads

High cost of paving made it impossible to pave streets in most sections of the city, it was pointed out, and property owners resorted to the graveling scheme. Most of the graveled streets are to be found in east Ada, in Sunrise and Daggs additions. South Ada near the high school, also has several graveled streets.

In most cases the gravel connects with pavement, and especially in the east part of the city is the street system 100 per cent improved. Streets and avenues in North Ada, where little graveling has been done, have been improved recently

by grading. They are in good condition in most places, only a few bad streets being left. Every effort is being made to repair these streets as soon as possible.

89 Blocks Graveled

Not only has the city 89 blocks of graveled streets, but more than ten blocks are to be graveled as soon as possible and other contracts are being considered. New graveling consists of a block on South Stockton, one on South Hope, three and a half on North Broadway, and several in south Ada.

A concrete bridge is being built on Broadway. Due to lack of funds and material the work has been delayed several months, but Walter Smith, street commissioner, said today that he expected to have approaches to the bridge filled in and graded within a short time. As

soon as work is completed, property owners on North Broadway will start graveling it, connecting with the pavement at the Frisco tracks and continuing north to fifth street.

It is also expected that later the graveling work on North Broadway will be taken on to the Fair Grounds Park and possibly to Rosedale Cemetery by way of the Ada Green House. This proposition has been discussed favorably, it is reported.

West Main Is Busy

Steps are being taken by property owners on West Main street to get a paving petition circulated. Some interest has been shown in the past few weeks and it is the general opinion that within a few months interest will have increased enough to put the petition through.

It is proposed to pave the street from the Santa Fe tracks to the tourists park.

One problem which is also being solved by the street department, is that of drainage. Many of the ditches of the city have been cleaned out and are now better able to handle water of any reasonable amount. One of the most successful steps towards draining the city is the work at the Katy crossing on East Main street. Several other drainage projects are being considered.

Culverts in large numbers are being put in, replaced or repaired. Approaches to bad culverts and crossings are also being repaired in many sections of the city. City officials are confident that the street conditions have improved 100 per cent in the past 18 months.

Train Service Employees Give Assurance That They Won't Quit.

DISORDERS CONTINUE

Relief Workmen Attacked At Columbia, S. C., by Striking Band.

(By the Associated Press)

CHICAGO, Aug. 21.—Disorders continued to flare in the rail strike during the early hours of its eighth week despite negotiations pending at New York and assurances by chiefs of the "big four" brotherhoods that no sympathetic strike of train service employees intending to bring complete paralysis to railroad transportation was imminent.

On the Atlantic side new disorders occurred at Columbia, S. C., where 11 men brought in to work in the shops of the Southern railroad were attacked.

Hostilities broke out again in San Bernardino, Calif., where four men, employees of the Santa Fe shops, were attacked and beaten.

Shots were exchanged by guards and an unknown man in the Rio Grande Western yards at Burnham, Colo., a suburb of Denver, was wounded. The man, who answered a guard's challenge by emptying a gun at him, escaped, leaving a trail of blood.

Governor Warns Mayor

Hurrying to Kansas City following a near riot in the Rock Island shops there, Governor Allen gave Mayor Harry Burton 24 hours in which to restore order, threatening to send troops.

Governor Allen said he was informed gunmen had been imported to intimidate men in the railroad shops.

Sixteen hundred national guards stood ready at Ft. Riley to answer the governor's call. Mayor Burton promised city authorities he would take every possible step to preserve order and asked for 24 hours to accomplish his purpose.

TROOPS NOT NEEDED IN SHAWNEE SHOPS

SHAWNEE, OKLA., Aug. 21.—Quiet reigned generally here today and there was little to indicate that national guard troops held in readiness at Oklahoma City would be needed here, following disorders incident to the strike of workers in the Rock Island shops. Col. B. H. Markham, in command of the troops, was reported to have stated there was slight promise that soldiers would be needed here.

PREACHER'S BOND TO BE FORFEITED

Preliminaries of Pastor and Nurse Postponed Pending Probe.

McALESTER, Aug. 21.—Pending further auditing of the affairs of Rev. J. C. Trotter, alleged embezzler of funds of Brook's Institute at Hattiesburg, his preliminary set for today has been postponed until next Monday, August 28. The case against Miss Audrey Campbell, head nurse, who eloped with Trotter, also was postponed, pending scrutiny of her accounts and a bonding company will be asked, it is said, to make good losses that the institution claims resulted from conjugal acts of the former financial secretary and the nurse. Miss Campbell as cashier was bonded, but Rev. Trotter held his position without bond.

FIRE MARSHAL PROBES COLLAPSE OF BUILDING

OKLAHOMA CITY—Aug. 21.—A representative of the state fire marshal recently investigated the collapse of a building under construction at Okemah, in Okfuskee county. J. T. Hamill, deputy fire marshal, made the investigation but has not yet completed his report. He said the collapse of the building killed one person and injured several others, and, in his opinion, was due to faulty construction.

Weather

Tonight and Tuesday partly cloudy.

BIBLE CLASS TO GIVE BOYS HELP

Christian Men to Donate Truck for Scout Trip to Turner Falls.

Members of the Men's Bible Class of the First Christian church, at a meeting Sunday, voted to furnish a truck to haul all boys of their church inclination to Turner Falls, in the Arbuckle mountains, when Boy Scouts of the city start Wednesday morning at 5 o'clock on their last outing of the summer.

Scout Executive Harry W. Miller predicted today one of the best trips of the season.

A special effort will be made to get 11-year old boys, prospective scouts, to make the trip, Miller announced. Incidental fees for any boy will not exceed \$1 and probably will not go over 75 cents. This trip is being given in the interest of boys who have been unable to take any other outing this summer. Any boy, scout or otherwise, between the ages of 11 and 14 will be permitted to go if he has not been on a previous outing this year.

Scout Executive Miller and Scoutmasters Roy Meeks and D. T. Bradshaw will be in charge of the party. At least one man for every ten boys will be sent. The party will return the following Monday.

Boys must furnish their own eats but will have little additional expense. The Christian Men's Bible class offer has reduced the amount which the boys must pay to make the trip.

CITY CALLS FOR MEMORIAL HALL BUILDERS' BIDS

City officers issued Monday their official call for sealed bids for the erection and completion of a reinforced concrete and steel memorial-convention hall, on South Townsend avenue, to cost \$100,000.

Proposals will be received until 2 p. m. September 5. Bids will be upon plans and specifications prepared by Albert S. Ross of Ada and Jewell Hicks, Oklahoma City, associated architects. Each bid must be accompanied by a certified check or bidder's bond for five percent of the total amount of the bid. This will be forfeited if the successful bidder fails to enter into an agreement satisfactory to the owner fails to furnish required bond within eight days after being notified that he has been awarded the contract.

Confirmation hearing upon sale of the memorial site to the city is scheduled to come up in county court August 24.

'Herrin Week' Named For Crusaders Upon Killers at Mines

(By the Associated Press)

ROCKFORD, Ill., Aug. 21.—The Illinois chamber of commerce has designated the week beginning today as "Herrin Week" for a campaign for funds to aid Attorney General Brundage in the detection and prosecution of the persons guilty in connection with the massacre of non-union miners at Herrin, Ill., last June.

Business and civic organizations have been invited to join the chamber of commerce and it is planned to carry the drive into every city of Illinois. Pastors have been asked to appeal to their congregations to aid the fund.

PRESIDENT ENDORSES TRAINING OF CITIZENS

(By the Associated Press)

WASHINGTON, Aug. 21.—President Harding in an address here today to citizen soldiers from Camp Meade, Md., declared he favored military training "for more than 100,000 civilians annually, not for any proposed aggressive warfare, but to preserve peace."

Klan Gives \$1200 To Repair Church At Pastor's Call

(By the Associated Press)

CHICAGO, Aug. 21.—As the Rev. Johnson Myers, pastor of the Emanuel Baptist church, explained to his congregation that more money must be contributed or much needed repairs to the church was to be made, more than a dozen figures in the garb of the Ku Klux Klan marched into the room. The leader spoke.

"The Knights of the Ku Klux Klan have come to do their little part in this cause," he said. At a signal the door opened and a line of 500 men filed through, each man depositing a contribution as he passed the altar. The robed figures stood until the last marcher left the room, then they turned and followed.

The Rev. Johnson counted \$1,200.

Aviator Off for Nassau

MIAMI, Fla., Aug. 21.—Lieut. Walter Hinton, in his giant seaplane hopped off at West Palm Beach this morning at 10:15 expecting to reach Nassau in a couple of hours.

SHORT TO CONFER ON INDIAN FUNDS

Depositing Tribe Money in State Banks to be Cleared Up Soon.

(By the Associated Press)

OKLAHOMA CITY, Aug. 21.—Attorney General George F. Short announced today he will leave Oklahoma City tonight for Washington to take up with Secretary of the Interior Fall the matter of government deposits of Indian funds in state banks of Oklahoma. An interview with the secretary of the interior, he said, has been arranged for next Friday.

Under an old statute enacted in 1825, but which is never known to have been enforced, government funds on deposit in any state bank which fails must be re-imposed before any other claims are paid. Attorney General Short explained. The law has been practically forgotten until dug up by interior department officials when several state banks in Oklahoma, containing Indian fund deposits, failed.

The government demands that its Indian deposits be given priority over other claims on state guaranty funds but withheld any action pending the conference between Attorney General Short and Secretary Fall.

MACHINE COMPANY SUES CITY ON DEBT FOR PUMPS

Recovery of \$937.50 from the city of Ada as the alleged balance due on a debt of \$20,495 incurred for pumping equipment at the city reservoir southeast of the city during 1920 and 1921 is sought by the Merkle Machine company in an action launched in the district court.

Other recent suits, including Sutherland Lumber company vs. W. W. Dameron et al, foreclosure of mortgage and recovery of money; O. E. Lancaster et al vs. C. R. Dickerson et al, replevin; Frank Lawrence vs. George and Ed Harrison, recovery of money.

Notice Masons

There will be a call communication tonight at 8 o'clock for the purpose of work in the Master Mason degree. All officers are urged to be present. Visiting brothers welcome.

F. R. LAYED, W. M.

GIRL IS INJURED AS CARS COLLIDE ON GRAVEL ROAD

Geneva Payne Sustains a Broken Leg Sunday in Crash Near City.

ONLY ONE INJURED

Auto Plunges Into Ditch as Other Car Strives to Avert Head-on.

Miss Geneva Payne, daughter of Mr. and Mrs. B. F. Payne of 525 East Main street, sustained a broken leg and minor bruises and her three companions narrowly escaped serious injury when the car in which they were riding was forced into a ditch along the gravel road two and a half miles east of Ada at 9:30 Sunday evening by another car driven by George Nance.

Witnesses to the accident said the Nance machine was attempting to pass another car as the two approached a wagon. In an effort to miss the wagon, it is said, Nance struck the leading machine. The impact forced the driver of the lead car to lose control of it and the automobile plunged into a ditch. Miss Payne was hurled against an embankment, the fender crushing her into the earth.

Resting Well Today

A passing car picked up the injured girl and rushed to her home. She was resting well today but doctors said her recovery would require six weeks.

In the car with Miss Payne were her cousin Faye Shackelford, of Wynnewood, Harold Allen and Miss Mary Louise Allen. All are young people and the three from Ada are well known here.

According to a statement of those in the wreck, the Allen car, in which Miss Payne was riding, was going about 25 miles an hour.

In a statement to B. F. Payne, Mr. Nance said he was attempting to pass the car on the hill two and one half miles out when both met a wagon going in the opposite direction. Because of the speed and narrowness of the road, he was forced to hit the Allen car in order to keep from dashing head-on into the team.

Those in the Nance car were uninjured. Minor injuries were sustained by occupants of the Allen car.

THREE ALLEGED KIDNAPERS GET AWAY FROM JAIL

(By the Associated Press)

POTEAU, Aug. 21.—Discovery was made yesterday that three men confined in the LeFlore county jail on a charge of kidnapping Joe Smith, a service car driver of Ft. Smith, Ark., had made their escape from jail by unlocking their cells with duplicate keys.

The escape is believed to have taken place about midnight Saturday. About the same time the absence of the prisoners was discovered, it was found that Kidd Bros. Drug and Jewelry store had been entered during the night and approximately \$1,000 worth of jewelry taken.

WINSLOW TO CREATE FACT FINDING GROUP

(By the Associated Press)

WASHINGTON, Aug. 21.—Chairman Winslow of the house commerce committee after a conference today with President Harding, announced he would introduce immediately a bill to create a fact finding coal commission as recommended by the president in his special message to congress.

Booze Maker Lays Low and Officers Miss Their Catch

Somewhere back in the hazy years of the past Pontotoc county moonshiners learned well their primary lessons in the old game of hide-and-seek.

Sheriff Bob Duncan came to this conclusion when, after more than two days of tramping through the hostile sand and thickets along the Canadian river north of Ada, he was foiled in an attempt to bag a whisky maker, even after finding his poisonous dew.

After locating a suspicious looking spot, in the midst of a clump of cedars, high up on an almost inaccessible bluff along the river, Sheriff Duncan lay in wait, believing that Friday was "making day" for the still owner. For some reason, however, he failed to "make." Duncan and his men seized the small quantity of still beer.

Tangled masses of copper worms and a multitude of small bottles containing various colored liquids, now reposing rooms bear mute evidence to the booze maker at the court anti-liquor activities of the sheriff's office recently.

RANGERS CHECK PEAT BED FIRE

Guardsmen Dig Into Hot Fuel Deposits Monday and Fight Blaze.

(By the Associated Press)

DULUTH, Aug. 21.—With the forest fire situation reported well in hand, a concentrated effort was begun today by forest rangers and others to reduce the menace of peat bog fires which were mainly responsible for the early season fires in the woods of northern Minnesota.

Armed with 500 shovels, the rangers were digging in the peat bogs to get at the main seat of their fires and then poured water into them.

Three companies of national guardsmen are in the Kelsey fire zone today assisting the rangers in digging trenches, building back fires and pouring streams of water into peat beds.

Former Governor of Missouri Recovers From Hard Illness

(By the Associated Press)

WASHINGTON, Aug. 21.—Joseph W. Folk, first governor of Missouri and at one time widely supported for the democratic nomination for president, was said by his physicians today to be recovering rapidly from a critical illness due to a nervous breakdown.

Since he retired as chief counsel for the interstate commerce commission in 1914, Mr. Folk has been engaged in the practice of law here and now is retained as counsel for the Peruvian government, which he represented during the recent Chilean-Peruvian conference here. His collapse is attributed to overwork.

INVITATION TO BRING "REAL BEER" IGNORED

(By the Associated Press)

JOHNSTON, Pa., Aug. 21.—Mayor Joseph Cantfield's invitation to saloon keepers and brewers to sell "real beer and ale" failed to bring a flood of pre-prohibition beverages into Johnston, according to a report of federal agents today. E. A. Sprague, agent in charge of this district, reported he had seen several men on duty "going over the situation" but that no arrests had been made.

The Mohammedan year has but 336 days.

FORMER ADA MAN IN BANK CHARGE

McDowell Seized by U. S. Officers Today For Local Shortage.

(By the Associated Press)

MUSKOGEE, Aug. 21.—William McDowell, former teller of the Merchants and Planters National Bank of Ada, charged with embezzling \$1,500 from that institution, today was lodged in the United States jail here by officers from Colorado who arrested him at Pueblo, Letters, McDowell is alleged to have written to a friend in Ada, resulted in his apprehension. He disappeared last March and was indicted by a United States grand jury here shortly afterwards.

Officials of the local bank said they had been tracing the alleged shortage since it was noticed shortly before McDowell left Ada. Prosecution of the case, however, has been in the hands of federal authorities from the start, they explained.

21 AUTOMOBILES ARE STOLEN IN ONE MONTH

(By the Associated Press)

TULSA, Aug. 21.—Twenty one automobiles were reported stolen here last month. Most of them were recovered.

In all thirty stolen automobiles were recovered in one month. They had been stolen from a large number of cities in Oklahoma, Kansas, Missouri and other neighboring states.

The total value of the stolen automobiles recovered was approximately \$39,000, this being the estimated present value.

Seven automobile thieves were apprehended and prosecutions started against them.

UNMASKED BAND GIVES BEATING TO PRYOR MAN

(By the Associated Press)

PRYOR, Aug. 21.—A crowd of unmasked white men kidnapped J. Y. Battenfield, operator of a restaurant here, took him to the country five miles from the city and administered a beating that caused Battenfield to visit a physician's office for medical attention. There are reports that the men accused Battenfield of denouncing the Ku Klux Klan. According to Battenfield, he resisted the tactics of his captors and in trying to escape, was beaten with pistols.

ABDUCTORS OF WOMAN KNOWN TO OFFICERS

(By the Associated Press)

FORT WORTH, Tex., Aug. 21.—The identity of four women and two men who kidnapped and whipped Miss Hallie Hinkle, garment worker, last Thursday night, is known and all will be arrested today, police announced this morning. All are connected with the strike of garment workers. Local plants which the strikers have been picketing and where demonstrations and disorders have occurred, were closed today.

Trades Union Office Raided and Chief Is Arrested for Work

(By the Associated Press)

CHICAGO, Aug. 21.—Officers of the Trades Union Educational league were raided and correspondence and private papers of William Z. Foster, head of the league, and on of the foremost radical leaders of America, were seized by State's Attorneys and detectives late last night following an investigation into the wrecking of a Michigan Central train at Gary, Ind., early yesterday and the discovery of two sticks of dynamite on the Pennsylvania railroad tracks.

PROBASCO'S CARTOON MOVIES OF NEWS EVENTS IN EIGHT REELS

BIBLE THOUGHT OF TODAY
REWARD OF HUMILITY—Whosoever exalteth himself shall be abased; and he that humbleth himself shall be exalted.—Luke 14:11.

But in lowliness of mind let each esteem other better than themselves. Look not every man on his own things, but every man also on the things of others.—Phillipians 2:3, 4.

OKLAHOMA'S PLAYGROUND

Just now Sulphur is a well populated place. The hotels and boarding houses are well patronized and the camp grounds in the park are covered with tents and autos. The cars bear tags from several states and people from every corner of Oklahoma are there. The springs are thronged all the time and bathing pools are well patronized by people of all ages. Two or three new artesian wells add much to the attractiveness of the place. Sulphur is indeed becoming the playground of Oklahoma whether it is health or recreation one seeks.

Of course there are several more things that are needed but a strong effort is being put forth to secure adequate appropriations from the national government for further improvements which will make the park even more attractive than it is now and we are informed that the city will add to the amusement features of the place thus making it still more desirable as a place for recreation. People soon grow tired of doing nothing and want some form of amusement. When these things are provided Sulphur will be the Mecca of still other thousands of summer visitors who are one of the principal sources of revenue for all classes of citizenship of the town. The News hopes to see our neighbor continue to prosper.

President Harding is right in his suggestion for making the rulings of the railroad labor board enforceable. A government board with no more power than to suggest is a joke. While we do not agree with those who would compel people to work without their will or consent, at the same time the board ought to be given enough power to compel any one not to attempt to keep others from working when the board says they should work under certain conditions and for certain wages. If we cannot risk our government officials to be fair and just, then we had as well admit that government is a failure and try anarchy for a time. After all government is nothing more or less than the consent of the people to let a certain individual or individuals say what is right and what is wrong and then be willing to abide by these decisions.

Nature does not endow all persons with equal talents but the man who refuses to make the most of what he has because he is envious of the ones better gifted never gets very far in the race of life. The man who refuses to develop his physical being because it would be impossible for him to make a second John L. Sullivan is no bigger fool than the man who refuses to make the most of his mental powers because he realizes that he has not the mental capacity of John C. Calhoun or Henry Clay. Nature's plan is for every fellow to go his limit and it provides no place in the plan of the universe for the one who sulks or is too slothful to improve his opportunities to the extent of his ability. It is better to go down with one's face towards the forces of adversity than sulk in the rear of the battle line, for adversity will follow him there also.

No one likes to be given short answers and sharp words but some are so fearful of this sort of treatment that they shrink from the possibility of any sort of encounter with persons likely to deal in such terms. In so doing they make themselves the victims of many imaginary woes. Harsh words don't kill and very often one who delights in wounding the feelings of others can be brought to terms in short order by a determined front. Any salesman or solicitor can testify that shafts tipped with needless bitterness are not necessarily fatal and that one must ward off many such if he is to get anywhere. Moreover one does not meet with all a rebuff every time he expects one.

The boll weevil menace is by no means past. The little pests are working industriously and doing all the damage they can. Many planters report they have a quarter of a bale already made if they can keep it on the stalks. One thing is certain, the farmers have been trying to keep the pests down.

Legislation can throw safeguards around the rights of individuals, but it cannot give a man the capacity to rise from one level to another. It is up to the individual to do that. Will power cannot be transmitted by act of congress or legislature.

Let a NEWS WANT AD get it for you.

The Forum of the Press

The Unknown Army.
(Holdenville Democrat)
Read the history of the United States and you will find recorded barely one hundred names of those who conquered the wilderness, subdued a savage race, and finally, laid the foundation of this republic. The unaccounted hosts who followed John Smith and Ethan Allen and George Washington are in the pages of their country's history and sleep today in unmarked graves.

Hardly a score of names appear in the chronicles of Oklahoma. Yet thousands of sturdy characters threw their hearts and souls into the making of this mighty commonwealth. They sleep today in the silent places of Oklahoma and two million people have no thought of their heroic sacrifices as they pass their grass grown graves.

Who were they the silent heroes of state and nation, of whose brawn and bone our civilization has been built? They were the real founders and fathers of what we call might by forces of nature who brought finished states from the chaotic wreck of a primeval order. They struck the blows that made Washington immortal and with their lifeblood saved a continent to civilization and freedom.

Had it not been for the ragged contingents of the revolution the states today would be British provinces obeying laws formulated at Ottawa. Had it not been for men unknown to the present generation George Washington would have died an obscure Virginia planter and no monument would guard the dust at Monticello where Thomas Jefferson sleeps.

A hundred years hence our descendants will be noting the name of Chas. N. Haskell, the first governor of Oklahoma. But they will never hear of the hundred thousand citizens who made him head of a new born commonwealth.

It is only here and there along the scarred trails of history that some solitary name is heard, that some solitary figure is seen. The vast majority is resolved again into mother dust and over their forgotten ashes the world moves on.

Lampooning the Press.

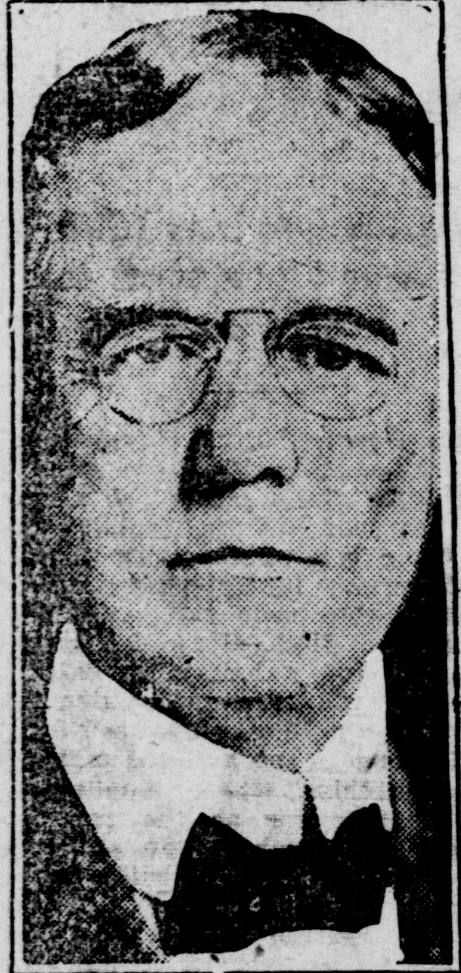

(Wichita Daily Times)
Rev. C. W. Hearon, pastor of the Waples Memorial church at Denison, took occasion Sunday to lampoon the press of the country, charging that it was unfair to the striking railway shopmen and that the editorial policies of the newspapers were governed by the advertisers.

This paper believes it just as unfair for Rev. Hearon to charge the press of the country with being unfair to the shopmen because the press depends largely upon advertising for its support as it would be to charge that because Rev. Hearon lives in a city that is largely dependent upon the shopmen for its prosperity he would be unfair to the railroad.

Rev. Hearon said that he blamed the shopmen because they did not present their side of the controversy to the public. The public can best be reached through the newspapers and there has been some effort on the part of the railroads, both through paid advertising and statements of officials, to influence public opinion. The press has been as open to the shopmen as it has to the railroads and if they have not used it, it is probably because they have underestimated the value of the press as a method of reaching the public.

To the credit of the press it ought to be emphasized that the press has stood against violence and intimidation in the strike and has demanded that those who went to work

BULL MOOSER IS NEBRASKA VICTOR

R. B. Howell.

The nomination of R. B. Howell for the U. S. senate in the recent Nebraska primaries was a defeat for the Republican machine in his state, political experts assert. Howell is city commissioner of Omaha and a former Bull Moose. He is Republican national committeeman from his state.

In the places of the strikers be given protection. If Rev. Hearon believes that the press has been unfair to the strikers let him make the worst of it.

Newspapers have their faults. Some are biased, a few are venal, too many are careless and inaccurate but the great majority are fair and honest and wage a ceaseless search for facts that will interest the people, and present the news as they find it as directly and impartially as trained writers can. The Times believes that the strike of the shopmen has been reported in this manner.

Some folks who don't know anything about it believe that a newspaper might do this for a while, but it would be at the cost of the confidence of its readers and would soon bring it into discredit and disrepute. A real newspaper presents the facts as it finds them.

OKLAHOMA CITY—The state is engaged in auditing the books of four counties and has on hand requests for audits to be made in two other counties, according to Fred Parkinson, state examiner and inspector. Audits are under way in Tulsa, Okmulgee, Comanche and Pottawatomie counties, he said, and have been requested in Woods and Tillman counties.

MILITANT MARY

My poor deluded youth! I wrote this fifteen years ago:—
"I long for some great sorrow so my groping soul will grow!"
—E. F. Nash.

Notice To Contractors

Sealed bids will be received by the Board of Commissioners for the City of Ada, Oklahoma, until 2 o'clock P. M. September 5th, 1922, for the erection and completion of a reinforced concrete and steel Memorial Hall building according to plans and specifications prepared by Albert S. Ross, Ada, Oklahoma, and Jewell Hicks, Oklahoma City, Associated Architects.

Each bid must be accompanied by a certified check of bidder's bond to the sum of five per cent (5%) of the amount of the total bid, made payable to the Mayor of the city of Ada, Oklahoma, and will be forfeited and thereby become the property of the City of Ada, Oklahoma, should the successful bidder fail to enter the required bond within eight days after he had been notified that he has been awarded the contract.

Contractors may obtain plans and specifications from the Architects and from the said Commissioners by making a deposit of twenty five (\$25.00) dollars which will be returned if plans and specifications are returned in good condition on or before the date of awarding the contract.

The Commissioners reserve the right to reject any or all bids without recourse.

Each bid must be submitted on the proposal forms as furnished by the Architects.

J. C. DEEVER, City Clerk.

TULSA—Several hundred children pointed by the city commission of a city planning board composed of 15 members, steps are to be taken immediately for the adoption of a systematic plan of building for the future. Engineers will start the task of mapping the city into zones at once, dividing it into residential and industrial section and apartment house districts.

OPEN SEASON FOR WIFE BEATING CLOSED
BY JUDGE IN CALIFORNIA DIVORCE CASE

Mrs. Mary Kingsley.

(By Central Press)
SAN FRANCISCO, Aug. 21.—An eye for an eye and a tooth for a tooth may have been the law of the Medes and the Persians, but it isn't the law of Judge Thomas F. Graham in superior court here.
"Fifty dollars a smack." That's the new law of the Grahams and Frisco.
The ancient law went by the boards in court here when Mrs. Mary Kingsley charged that her husband, Joseph, had struck her six times. The case came to trial before Graham.
Ms. Kingsley was seeking a divorce. She testified that her husband had abused her at divers times; that he had beaten her.
On one occasion, she testified, he struck her six times and without the slightest provocation so that by

no chance could he invoke the ancient Median law.
"Are you quite sure he wasn't defending himself?" Judge Graham asked.
"I never laid a hand on him," replied Mrs. Kingsley.
"Well," the momentous decision was coming, "the open season for wife beating is closed and always will be closed."
"Anybody who thinks a two-dollar license gives him the privilege of smacking his wife at will, is all wrong," Graham continued.
"The divorce is granted and it will cost Kingsley just fifty dollars for each of the six times his wife testified he smacked her with his hands instead of his lips."
Mrs. Kingsley left the courtroom with her divorce and \$300.

ANOTHER MARRIAGE IN MILLER FAMILY?
MAYBE, BUT DIVORCE MUST COME FIRST

Miss Claire Miller.

(By Central Press)
LOS ANGELES, Aug. 21.—The echoes of the wedding bells for Marilyn Miller, now Mrs. Jack Pickford, have scarcely died away and the newlyweds have just about had time to take stock of the publicity derived through the medium of their highly advertised trip to the altar.
Now the Miller family, made famous by Marilyn's twinkling toes, is due for more publicity.
Maybe it runs in the family but anyway the latest reports have it that Claire Miller, Marilyn's younger and red-blooded sister, is about to jump into the matrimonial harness for the second time.
However, there are one or two minor formalities that must be complied with before her marriage to W. Robert Montgomery, of Boston, can take place.

In the first place she must get a divorce from husband No. 1 from whom she has been separated for nearly a year. It is said that her plans call for starting an action in Chicago on her way east.

Montgomery, according to reports, is an elderly banker, considerably younger in ideas than in years, whom Claire met while sojourning in Boston as an understudy to her more illustrious sister, starring in Sally.

One child by her first marriage is now with the husband she plans to divorce, say reports.
Miss Claire has been basking in the limelight considerably of late thanks to her more famous sister but with the prospects of a divorce coming and a wedding to follow that, Claire bide fair to outplay her sister in the headlines of the daily prints.

What is
Stylish?

—Our Miss McCormick returned Saturday from her Eastern buying trip, where she has studied the latest dictates. Through her many years of experience, one may place her as a criterion in the millinery world. Come and see the new ones arriving daily.

—Again, we make it a point to know, by keeping in touch with the latest decrees of Dame Fashion, and by maintaining a charming selection of America's best known millinery—sold under the label of "Fiskhats."

—Panne and Lyon Velvets are scoring most heavily for this season, with Metallic clothes and effects following closely. The shades: Black, Nut-Brown, Sand and Fuchsia will be the basic ones. Fisk sailors in black and brown, as well as combination shades hold the most important place with Dame Fashion's mandates of this new season.

What Is Stylish in New Fall Suits?

In breadth of assortment, correctness of style, excellence of workmanship and splendid value, we feel that we have outdone ourselves. Our high grade Twill Cords and Poirer Twills are it again—lined with fine peau-de-cygne silk, they stand forth as really exciting values.

Ada Scatters Gloom In Healdton Camp with 6-2 Victory

LOCALS BACK WANER WITH HARD HITTING IN EVENTFUL GAME

Left Handed Marvel Hangs Up Strikeout Record With 14 Whiffs.

(By Staff Correspondent)
HEALDTON, Aug. 21.—Ada 6, Healdton 2.

These few words contain a whole story of joy for Ada baseball fans and spell doom for Healdton. That was the result of a thrilling exhibition of baseball here Sunday afternoon between the two amateur clubs, strongest contenders for state amateur baseball championship.

It was the heavy slick work of the visitors that did the work. Ada batters were on one of their wildcat hitting rumpages of the season. Eight Ada men got hits, four of which were for extra bases.

Lefty Waner was in great form and pitched masterly ball in the pinches, held his opponents to seven scattered hits and struck out 14 men. He showed up exceptionally well in the first inning. After allowing one run and with the bases drunk, he tightened and struck out three men in a row. He kept up the pace in the second and third innings, getting seven straight outs.

Ada Opens Barrage.

Ada started the fireworks in the opening frame. Morrison walked, was sacrificed by R. Waner. Young flew out to left, but did not sacrifice. With two down, P. Waner doubled, scoring Morrison. Rutledge hit a fat double, scoring P. Waner. Healdton came back in the same inning and after Kearsse and Cheadle had singled in succession, Woods went down on an error, filling the bases. Kearsse scored when Fain muffed English's hot grounder. P. Waner struck out the next three men and stopped the rally.

Ada scored again in the second. Thusen and MacMillan were thrown out. Fain singled, Morrison doubled and R. Waner singled, scoring Fain. P. Waner retired Healdton in a hurry in the second, striking out the only three men who faced him. Only one single was given Ada in the third and a threatened rally was stopped by a fast double play.

Both Sides Register.

Both sides counted again in the fourth. Kaiser led off with a single. Thusen followed with the same thing. MacMillan was thrown out and Fain walked, filling the bases. Morrison whiffed, making it two down and the bases full. Healdton stopped long enough to put Clowers in for Morgan. Clowers started out by heaving a wild one, while Kaiser trotted in. R. Waner then delivered with a double, scoring Thusen and Fain. It was the first hit off Clowers and was rather expensive.

In Healdton's half of the fourth, Wadley led off with a double. Waner struck out Myers and Pitman, but Wadley scored on a double by Clowers. Kearsse retired the side when he went out swinging. The remainder of the game was a pitchers' battle between Clowers and P. Waner. Both men were in fine form, and although the Ada swatters threatened to make a comeback of things with their big sticks several times, no more scoring came after the fourth.

Fielding is Feature.

Ada got hits in the fifth, sixth, seventh and eighth innings off Clowers. P. Waner yielded two singles in the ninth. Fielding for the most part was fast. Ada made four errors and Healdton two. The game was the best played here this season. Hundreds of fans all of this section saw the battle.

Healdton will go to Ada next Sunday for a return game. It will be the fourth of the season between the two clubs. A large number of fans are expected to accompany the home team. Fans are confident that the forthcoming game will be the best of the season between amateur clubs.

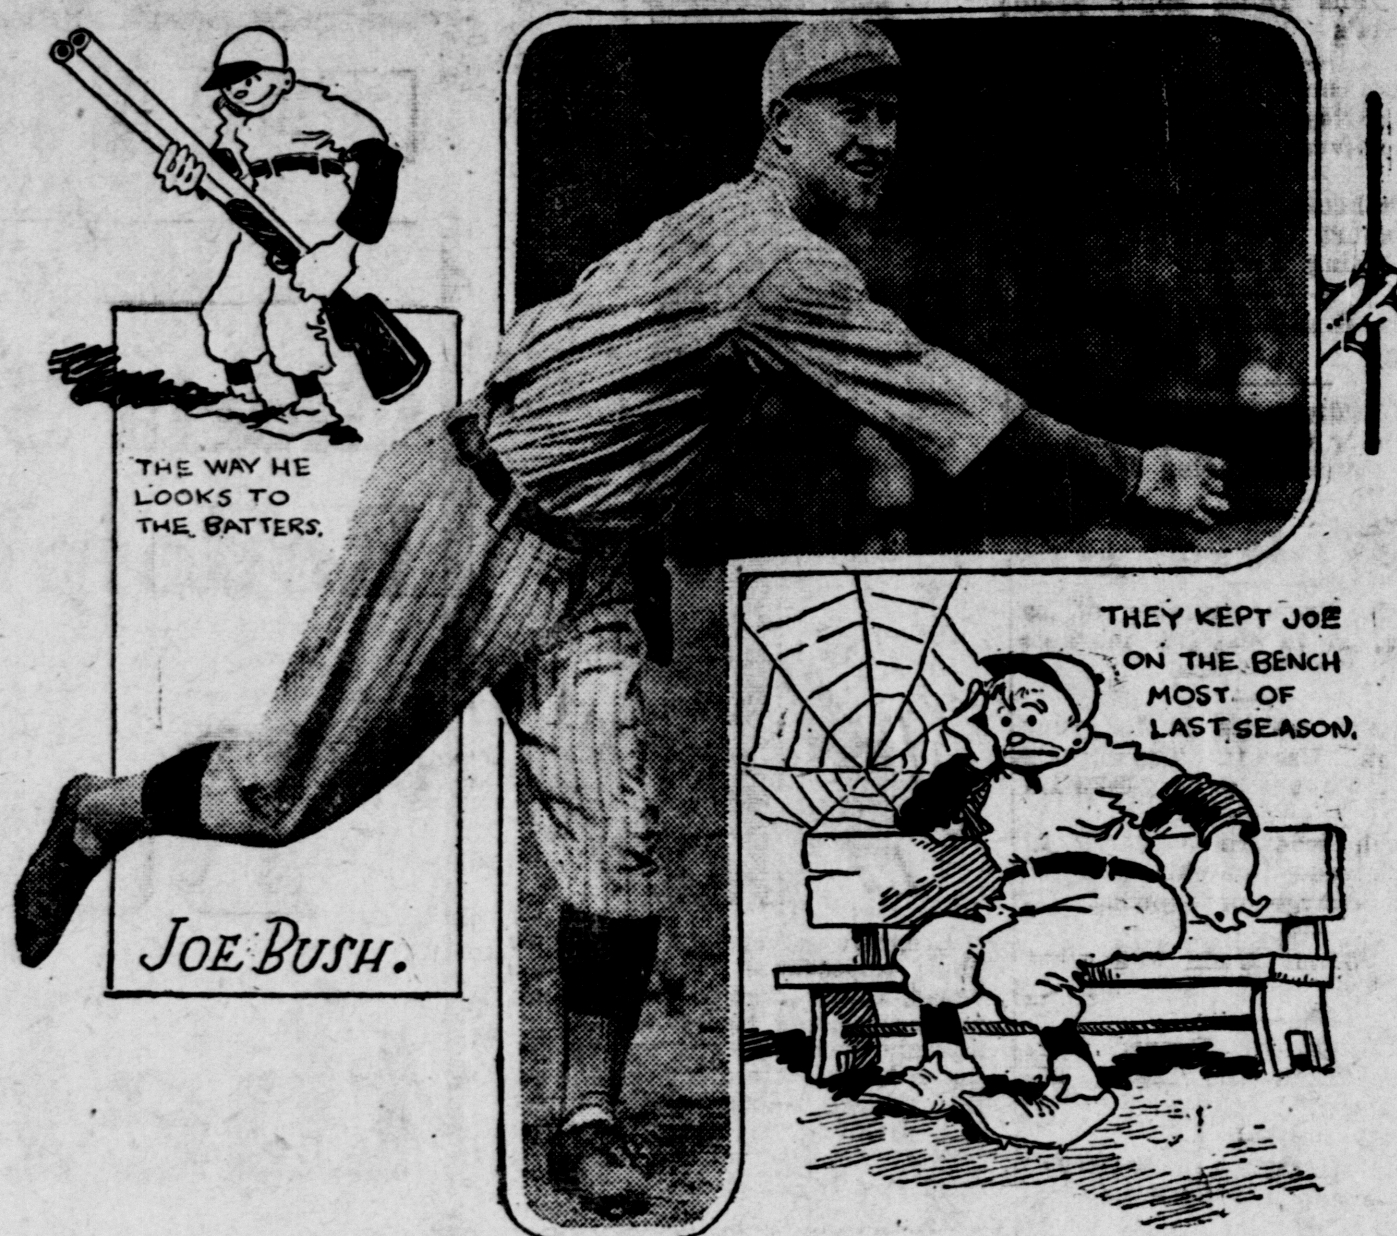

Manager Green said on returning to Ada that he was highly pleased with the showing of his men. Workouts of last week were good for his nine, he believes, and the changes made were believed to have helped. He will have his men in even better condition for next Sunday's game, he said. P. Waner will go against the oiltown men again. Confidence of local fans, which had been shaken somewhat by defeats on account of disastrous errors in former games, has been strengthened.

The Chinese bible by Confucius contains five books.

THROUGH THREE YEARS AGO, JOE BUSH IS SEASON'S BIG STAR

(By Norman E. Brown)
"Bullet Joe" Bush is the man who has kept the New York Yankees at the top of the ladder during the 1922 scramble. If the Yankees repeat their 1921 triumph this year, he must be given the lion's share of the credit for winning the pennant.

No matter where the Yankees finish, Bush will stand out as the pitching star of the year.

And just three campaigns ago this courageous flogger faced the dreary journey down the long trail to oblivion. His major league days appeared ended. The fans at large said they were and Bush almost

got to believing the same thing. He reported daily at the Red Sox ball park with an arm so lame he couldn't even pitch an inning or two as reliever. When the 1919 season ended he faced a winter, any day of which might bring word he had been shipped to a minor league club.

All known remedies for taking the kink out of and putting snap back into lame arms had failed. So in desperation Bush took up boxing. He found an instructor and worked out daily. He practiced hitting with his right. He forgot about pitching until the 1920 spring trip began. Then, to his great joy,

he found that his arm was limber and apparently strong enough to stand the strain of pitching. But he took things easy. It was not until the closing days of the campaign that he extended himself in the box.

Last year he began to take his turn in the box in the midseason and when the waning days of September came he "let her out" and won nine games in ten starts.

This year he has won consistently. If he continues to hit his present gait he will hang up the best record he has made in the big show.

PLANS FOR GOLD CUP REGATTA TO BE ROUNDED OUT

(By The Associated Press)

DETROIT, Aug. 21.—Plans are being shaped for the annual Gold Cup regatta, to be held here September 1 to 4, inclusive, and for the International Motor Boat Sweepstakes, the 150 mile runabout event for \$25,000 to be run September 3, next year, it is announced by Commodore Gar Wood, president of the Yachtsman's Association of America. The International Sweepstakes event will bring to the winner the largest purse in the history of aquatic speed events. The boats entered must be runabouts limited to a maximum engine cylinder content of 1,350 cubic inches, a minimum length of 25 feet and beam of five feet, and a passenger capacity of not fewer than two.

Commodore Wood announced selection of Commodore Fredrick R. Still of the Detroit Yacht Club as chairman of the race committee. He has been in charge of Gold Cup races held here in the past. Associated with him on the committee will be Charles F. Chapman, of New York, secretary of the racing commission of the American Power Boat Association and Webb Jay of Chicago, formerly prominent as an automobile race driver.

The Gold Cup program is complete. Nine events will be run off during the four days, with 11 trophies offered the winners. Two of the prizes are for extreme speed in two of the events.

One of the added features of this year's regatta will be the Ladies' Bear Cat race for boats of that type. The event will be in the cockpit of each runabout. The women, however, must handle their crafts themselves, the male member of the crew being permitted to assist only in the event of emergency. This race will take place Sunday September 3.

WEALTHY INDIAN GIRL TO REMAIN IN SIMPLE LIFE

(By The Associated Press)

MUSKOGEE, Aug. 21.—Unlike many others of her tribe whose extravagance have added many interesting chapters to Oklahoma's oil industry, Exie Fife, a Creek Indian of 19 years who became rich overnight, declares she will never forsake the simple life. Exie's royalty from her oil lands in the Bristow field approximates \$1,000 a day now. Only last May Exie had but \$5.06 on deposit with the Indian agency where her affairs are administered as she is a restricted Indian.

The first well that came in on

"WHO WAS GROH?" ASK CINCI FANS

Babe Pinelli.

The calamity howlers moaned mournfully when the Cincinnati Reds lost Heinie Groh to the team. "There goes half the team and the only third baseman in the league," they chipped. Ask them about Groh now. Babe Pinelli, Pacific coast youngster, has made them forget Heinie. Pinelli is playing brilliantly at third and hitting over 300.

Exie's allotment made 3,000 barrels. Two weeks ago a well making 2,000 barrels a day was brought in. Four others are in the course of drilling.

Exie has been granted \$500 a month allowance by Major Victor M. Locke Jr., superintendent of the Five Civilized Tribes. Exie already has a big touring car, but that is the only evidence she has so far given of spending her royalties. Miss Fife's tastes are extremely modest. She dislikes jewelry and extreme styles, and does not care to travel.

At present her greatest desire is to furnish her widowed mother and her brother with a modern home. The Indian agency is now having plans drawn for the house. Exie and her family now occupy a two room box house at Fama, a little settlement in McIntosh county. It will soon make way for a six room bungalow.

New York City has more than 500 women physicians and surgeons.

BIG LEAGUES ON TRAIL OF WANER BUT HE IS SHY

Amateur ball clubs have long wanted Paul Waner to pitch games for them. Ada has been fortunate in keeping the sensational left handed moundsman and local fans are pleased with his work. Now comes the "big league" bidders for his services.

For several years Young Waner has had an opportunity to break into league baseball. Each year has seen bigger teams become interested in him. This week a Mr. Williams, scouting for the San Francisco club of the Pacific Coast League, was here endeavoring to sign Waner for his team. He said practically everywhere in the state where he had gone inquiring for players, he had been referred to "Waner of Ada." He had an opportunity to see the Pontotoc county boy work yesterday at Healdton.

Tulsa and Sioux City of the Western league have also made attempts to secure Waner. Many league clubs have tried to get him but he is withholding any action until next spring.

NEW BETHEL

Ero. Seckenger preached here Saturday night and Sunday.

The pie supper was quite a success. The proceeds were \$77.50.

Miss Lady Bryant is visiting her cousin, Miss Dollie Lancaster, at this place.

Lottie Stringer has as her guest for the week, her cousin, Miss Lucy Wright.

Mr. Oather Gray of Frisco was the guest of Harrison Ellis Saturday night.

Audrey Walker spent Sunday with Francis Rains.

Miss Bertha Sparkman was a Sunday School visitor.

Miss Ida Ellis spent Thursday night with Miss Winnie Cassidy at Colbert.

Little Genard Foster who has been seriously ill, is reported improving.

Roscoe Lancaster died at his home here Sunday from gangrene, caused from a shot in the foot. We extend our sympathy to the bereaved family.

Elizabeth Walker and Herman Ray spent Sunday afternoon with the Ellis Girls.

Everybody remember the debate Friday night between Mr. Mitchell and Mr. Watson of Ada. We are expecting quite a lively time.

ENID—The South Side Country Club has been granted a charter and authorized to issue \$50,000 in capital stock, according to information reaching W. A. Graves of this city from the secretary of state.

Most Valuable Player

WHO has been the most valuable man in the big leagues this year? A committee of expert baseball men has been named to select this man at the close of the present season. He is to be rewarded in a suitable manner for his efforts.

Here is a suggestion to that committee:

Learn the name of the man who exposed to the baseball officials and indirectly to the baseball public the latest effort to kill baseball. Then consider him for the honor to be bestowed.

I refer to the recipient of that letter Phil Douglas, former Giant pitcher, says he wrote in which he offered to "quit the Giants and go fishing" provided the proper amount was offered him.

At present the name of the man and his club connections are being withheld while baseball authorities run down every clew derived from this letter and Douglas' statements. But when the situation has been handled properly this unknown's name should be given out and he should receive due credit for his work.

When this man received the letter from Douglas containing the despicable suggestion, temptation was held before him. He realized, too, that, should he lay the whole matter before the proper persons one contingent of players and fans would call him "squealer." He was aware that the very knowledge that he has received such a letter would draw knowing nods and innuendos from some fans—made suspicious by the White Sox scandal and other sorry messes of recent vintage.

He weighed all these things and then took the course that took the greatest courage. He laid the letter before his employers.

Here is a man who placed the game and his own honor above personal gain.

Here is a man who realized his debt to the fans—the men who indirectly pay his salary.

This man may not have fielded or batted as brilliantly as some others. He may not even be a star player in any branch of the game.

But what form of service could be of more value to a game—already fighting a death battle with gamblers and crooks—than the act of this player?

Hits and runs—two and seven off Waner in nine innings; three and eight off Morgan in three and one-third innings; three and five off Clowers and five and two-thirds, innings. Winning pitcher P. Waner; losing pitcher Morgan. Umpires: Wray and Quigley.

Gloria Swanson's Gowns

Gloria Swanson wears several gowns in "Beyond the Rocks." Paramount picture which comes to the McSwain theatre today. This is a

screen rendition of the famous novel by Elinor Glyn, adapted by Jack Cunningham and directed by Sam Woods.

The rainbow trout has been successfully introduced into the streams of Louisiana.

Common Sense About Eczema and Eruptions!

Here's Something About S. S. That You'll Be Glad to Hear.

You might just as well know it right now the cause of skin eruptions, pimples, blackheads, boils and so on, is right in the blood. There is no getting away from it. Science has proved it. We prove it. You can prove it. When the cause of skin troubles and eruptions is in the blood, it isn't com-

Let S. S. Give You An Angelle Skin! Don't sense to simply treat the skin. A bottle of S. S. will prove to you what is happening in your blood. S. S. is a scientific blood cleanser—it drives out the impurities which cause eczema, tetter, rash, pimples, boils, blackheads, blotches and other skin eruptions. When these impurities are driven out, you can't stop several very nice things from happening. Your lips turn naturally rosy. Your eyes sparkle, your complexion clears. It becomes beautiful. Your face looks like that of a prosperous, ruddy, well-fed, refined gentleman, or if you are a woman, your complexion becomes the real kind that the whole world so admires. S. S. is also a powerful body-builder, because it builds new and more blood cells. That's why it fills out sunken cheeks, bony necks, thin limbs, helps regain lost flesh. It costs little to have this happen to you. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

MINNESOTA ELEVEN MAY BE STRONGEST IN RECENT SEASONS

Gridiron Rooters Select Gophers for Brighter Record on Field.

(By The Associated Press)

MINNEAPOLIS, Minn., Aug. 21.—Followers of the fortunes of the University of Minnesota football squad are looking forward to a season which is expected to prove more satisfactory than those of the immediate past.

Coach Bill Spaulding, who started the preparatory work for the 1922 season last spring, and gave those sufficiently interested to visit Northrop field for a spring game, some real football, will show what he can do against Big Ten conference.

The only team to be played outside the conference this season is the University of North Dakota, which will show at Northrop field October 7. Indiana, Ohio State and Wisconsin will be the other teams playing on the home grounds this year. The away-from-home games are against Northwestern, Iowa and Michigan.

During the spring workouts Spaulding had the squad playing real football, and those who followed the work closely predict that this fall will be a satisfactory one, provided the eligibility rulings of the faculty do not cut in. Late this season a number of promising candidates had scholastic difficulties to rid themselves of before the fall and it is reported several succeeded in accomplishing this during the summer session.

Coach Spaulding expects one of the largest squads in the history of Minnesota football to answer the call for candidates. Many of last year's squad are conditioning themselves now, and within the next month will be in shape for the hardest work required of them.

The schedule for the season is: Oct. 7—Minnesota vs. North Dakota at Minneapolis.

Oct. 14—Minnesota vs. Indiana at Indianapolis.

Oct. 21—Minneapolis vs. Northwestern at Evanston.

Oct. 28—Minnesota vs. Ohio State at Minneapolis.

Nov. 4—Minnesota vs. Wisconsin at Minneapolis.

Nov. 11—Minnesota vs. Iowa at Iowa City.

No. 18—Open.

Nov. 25—Minnesota vs. Michigan at Minneapolis.

(By Norman E. Brown)

THE ONLY TOURNAMENT Of its kind in the country. Is to be staged in Cleveland, O., July 29-31.

It is an intercity tennis tournament for the doubles championship of the U. S. The teams that will represent the leading cities of the country in the matches are either the acknowledged doubles champions of their home cities or have won the title in recent elimination matches. It is also the only tournament held that is confined exclusively to doubles.

The teams representing the rival cities include some of the best players in the country. The New York pair is composed of Capt. Sam Hardy of last year's Davis cup team and Howard Voshell, who ranked eighth last year. Indianapolis is sending Fritz Bastian and Ralph Burdick, who won the national clay court title in doubles a couple of weeks ago.

Charles Garland, one of Pittsburgh's team, ranks in the first ten in the U. S. rating. Both MacElroy and Sibert, one of whom will be paired with him, are well known nationally.

Lindley Murray, U. S. champ in 1918, and Jack Castle hope to land the title for Buffalo. Chicago is sending Walter Hayes, No. 1 in the Midwest ratings, and Squairs.

Cleveland has hopes that Kirk Reid and Charley Carran will repel the invaders and hold the title for Cleveland. Reid and Carran won the right to enter the tourney by defeating the 1921 city doubles champions in the finals of an elimination tourney. Both men rank among the leading young players of the west.

One raw vegetable or one raw fruit should be included in every meal.

TULSA—The extermination of rats and flies in Tulsa has been undertaken by the city health department. A campaign is to be organized for cooperation of every civic club women's organizations and other societies in the drive. Dr. W. W. Woody, superintendent of health, is behind the move.

(Published August 10, 11, 12, 14, 15, 16, 17, 18, 19, 21, 1922.)

Notice to Paving Contractors
Notice is hereby given that in pursuance to Paving Resolution No. 11-3, passed by the Board of Commissioners on the 8th day of August, 1922, sealed bids will be received at the office of the City Clerk of the said City until 2:00 P. M.

on the 22nd day of August, 1922, for the furnishing of the materials and the performance of the work necessary in the paving and otherwise improving, in the manner and subject to the conditions herein after set out, of a portion of Broadway in the City of Ada, Pontotoc County, Oklahoma, heretofore established by resolutions passed by the Board of Commissioners, to wit: Street Improvement District No. 11 South Broadway from the south line of Twelfth Street to the center line of Thirteenth Street, together with alley crossings and street intersections not now paved, and all in the City of Ada, Oklahoma.

The cost of such improvements on such said avenue, including street intersections and alley crossings shall be borne and paid by the owners of the property benefited by such improvements upon the said portion avenue hereby ordered to be paved. The entire cost of said improvements on said portions of such avenue shall be assessed against the abutting property liable to assessment therefor, and the owners thereof, in accordance with the provisions of the State Laws of Oklahoma governing the same.

The plans and specifications for the improvement of the said avenue have been prepared by the City Engineer, and have been adopted by the Board of Commissioners, and the different materials and plans and methods of construction hereinafter set out. The plans, plat, profiles, specifications and estimates are on file in the office of the City Clerk.

The Class of Pavement to be constructed shall consist of single course plain concrete seven (7) inches in thickness.

Bids must be submitted upon proposal sheets to be furnished by the City Engineer, and each bid must be accompanied by a certified check on some solvent bank in the State of Oklahoma, or a satisfactory bidder's bond in the amount of approximately five (5) per cent of the total cost of the work based upon the contractor's bid. The Board of Commissioners reserve the right to reject any or all bids, and bidders are cautioned to observe all the conditions set out in the specifications and bidding sheets.

Each bidder shall accompany his bid with a sworn statement in writing that the bidder has not directly or indirectly entered into any agreement, expressed or implied with any other bidder or bidders, having for its object the control of the price, and amount of bids, or limiting the number of bidders. No bidder shall, however sealed bids to anyone whatsoever except those having a partnership or other financial interests with him in said bid, until after said bids are opened. The violation

of any of the foregoing provisions on the part of the bidder shall make void any contract made by him with the City of Ada, based upon his bid, all as provided in Section 1, Article IX, of the Charter of the City of Ada, Oklahoma.

Bids received as aforesaid will be opened and considered by the Board of Commissioners at a meeting to be held at the City Hall in the City of Ada, Oklahoma, at 2:00 P. M. on the 22nd day of August, 1922. All bids are required to be placed on file in the office of the City Clerk for forty-eight (48) hours after opening before the award or rejection of bids can be made.

The contract will be awarded to the bidder submitting the most advantageous bid therefor, who will undertake and perform the work and furnish the materials according to the plans and specifications, and who will also comply with the terms and conditions contained in the resolutions of the Board of Commissioners of the City of Ada, declaring the necessity and providing for the improvement of the above named avenue. A copy of such resolution will be furnished to bidders upon application therefor at the office of the City Clerk.

The Contractor shall receive for the above work, including printing and other incident costs and fees, Street Improvement Bonds at their par value against the abutting property according to Sections 608 to 642, Article XII, Chapter 10, of the Revised Laws of the State of Oklahoma, 1910, and amendments thereto.

The Contractor to whom the contract may be awarded will be required to execute and furnish the City a good and sufficient Construction Surety Bond in amount equal to fifty (50) percent of the whole bid, conditioned for the full and faithful execution of the work, and the performance of the contract. The Contractor will also be required to execute and furnish the City a good and sufficient Statutory Bond in the full amount of the contract price, running to the State of Oklahoma, which bond shall guarantee the payment of all bills for tools, machinery rental, labor and materials used in or about the construction of the work. This bond shall be presented to the City at the same time as the Construction Bond, and after being approved, shall be filed with the Court Clerk of Pontotoc County.

The Contractor shall also furnish before the allowance of the final estimate and acceptance of the work, a Maintenance Surety Bond in the amount of approximately three (3) per cent of the cost of the work contracted for, conditioned for the maintenance in good condition of the paving, curbing, and drainage for a period of five (5) years from the time of completion and acceptance by the City.

Complete plans and specifications can be seen and consulted in the office of the City Clerk, Ada, Oklahoma. Plans and specifications are also on file in the office of the City Engineer, and may be examined by all persons interested.

Dated this 8th day of August, 1922.
J. C. DEEVER, City Clerk and Commissioner of Accounting and Finance.

SCENES OF CHARM

Plenty of Them in Gloria Swanson's "Beyond the Rocks."

An antiquary and a lover of the beautiful would have found it hard to drag himself from the sets at the Lasky studio where "Beyond the Rocks," a Paramount picture with Gloria Swanson as star, which comes to the McSwain theatre today, was filmed.

The story by Elinor Glyn calls for scenes in beautiful English homes and in one set particularly there are rare and costly articles of virtue, paintings of note, ancestral portraits for the gallery, quaint and graceful old furniture, rich draperies and so on. Mme. Glyn, who constantly watched the details, saw that no inappropriate fittings found their way into the scenes. They are typical to the last degree of the country wherein they are located.

PICKFORD NEWLYWEDS HONEYMOON IN CALIFORNIA

Left to right, Mrs. Jack Pickford, Mary Pickford and Jack himself, snapped right after the ceremony.

Somewhere in southern California Jack Pickford and his bride, Marilyn Miller, former Ziegfeld star, are spending a quiet honeymoon. That is, as

quiet as is possible with photographers dogging them at every turn. So far as is known, despite the pre-nuptial commotion, Ziegfeld hasn't died from the

shock, but perhaps after all his reported objections to the marriage letted him columns of publicity, of untold value in the show business.

Once Heir to Fifty Millions, Now Works for 20 cents Hour

(By Central Press)

WILMINGTON, Del., Aug. 21.—Once heir to \$50,000,000 and now working for twenty cents an hour as a strikebreaker. That is the position of Alfred Victor Du Pont today. Twenty-three years old and a senior at Harvard, his loyalty to his mother cost him an inheritance estimated at \$50,000,000 in round numbers. Young Du Pont is the son of Alfred I. Du Pont, the rich powder manufacturer.

After his father disinherited him he turned his back on Harvard and worked in an automobile factory. Recently he was laid off and now he has put on overalls and checked in at the Pennsylvania railroad shops as a strikebreaker. His wages will be twenty cents an hour.

When Alfred I. Du Pont got a divorce he called the paternity of the boy into dispute and eventually disinherited him.

As It Seemed

It was down in Louisiana and hot. The outfit, certain for many weary months to be the next to go over, finally landed on a stretch of wilderness out from Camp Beauregard, fated to become an artillery range. For three weeks picks and shovels had been the implements de guerre and digging the order of the day.

He was a diminutive recruit and nothing of him showed above the top of the pit from which sweat and dirt were flying.

"Join the Army and see the earth," he paraphrased a popular slogan, and added with justifiable sarcasm, "a shovelful at a time."—American Legion Weekly.

Value Received

When the average man goes to see a dentist it is not usually for the sake of mere sociability.

"Did that man complain when you charged him for a broken appointment?" asked a friend of one tooth yanker—oh, yes, dentists do have friends.

"No," replied the latter. "He said breaking an appointment with me is worth every cent it costs."

Almost Marketable

"I tested that dozen eggs you sold me and only five were bad," said the grocer sarcastically.

"Well," yawned the wise old farmer, coming back with just as much sarcasm, "all ye had to do was add a couple more bad ones and sell 'em for 'strictly fresh.'"

ONE KILLED, OTHERS HURT IN DENVER AUTO CRASH

(By The Associated Press)

DENVER, Aug. 21.—One man was killed, another was believed to have lost his life and two others are perhaps fatally injured as a result of an automobile accident two miles west of Denver early this morning, when the car in which they were riding skidded and plunged down an embankment into a creek.

OKLAHOMA CITY —The Tulsa Black Oilers Ball Club has been incorporated and granted a charter to issue capital stock to the value of \$10,000, by the secretary of state, Jim Taylor and G. W. Reed were the incorporators.

INQUIRY BUREAU RATED FAILURE

Lack of Sufficient Force
Given as Reason by
Claude Connally.

(By The Associated Press)

OKLAHOMA CITY, Aug. 21.—Operation of the bureau of factory inspection of the state department of labor is not satisfactory owing to the limited personnel of the bureau, said Claude E. Connally, commissioner of labor, in a recent report to Gov. J. B. A. Robertson.

Although a number of decided improvements in accident prevention work have been put into effect by the bureau, and accident prevention work is taught in the schools, giving the greatest promise for future accomplishment in the safety movement, and a number of safety codes have been adopted in various industries as a result of the efforts of the bureau. Mr. Connally said he believed the administration and advancement of the program of the department would not be satisfactory until the state legislature provided additional personnel.

"The help available to the bureau should be adequate to make more frequent contact than is now possible with those interested in the work, especially with employers who show a tendency to cooperate with us," said Mr. Connally, "and to conduct a more effective campaign of education on the subject of accident prevention."

Detailing the work which has been accomplished by the bureau Mr. Connally wrote to the governor as follows:

Accidents Are Studied

"A detailed first-hand study by the factory inspectors, of which there are now four men and one woman, has been made of all important accidents, with the view of preventing their recurrence. Each inspector is furnished a list of all accidents which occur in the month, with instructions to make a personal investigation of these happenings in the district he is to visit, and, if necessary, to issue orders for correcting the defects which caused the accident, if the accident resulted from such, and to make the department a complete report of the circumstances, where conditions warrant it.

"There has also been constant attention devoted to the promotion of the plea of group conference between employers and employees in certain industries, with the view of
